

Mid-Ohio Balloon Adventures, LLC Passenger Briefing

1. **DO NOT SMOKE** in or near the aircraft. **Propane is Explosive!**
2. Stay clear of the inflator fan.
3. Do Not step or stand on the balloon fabric.
4. Do Not enter the basket until I invite you to do so.
5. Enter the basket carefully; you may use the uprights to help yourself in.
6. Do Not hold onto the fuel hoses or propane tanks.
7. Do Not touch the suspension cables
8. Keep hands and arms inside the basket during the approach to landing and the landing itself.
9. Landings may include Hard, Fast, Rough impact with the ground!
10. During landing, stand facing the direction of flight with your knees together and slightly bent, holding tightly to the sides of the basket or the upright burner supports.
11. Do Not exit the basket until I tell you it's OK to do so.

I have heard, witnessed and understand Gary Tyo (pilot) explain in detail the above Pre-flight information, and have no questions.

I fully understand not only the above information, but the fact that Hot-Air Ballooning is a "Participatory Sport" that may result in injury or death.
